

Giosù Aiello

PROFESSIONAL SKILLS

- Teamwork
- Effective Communication
- Project Design and Presentation
- Scientific and Technical Writing
- Data Analysis with Python and MATLAB
- Commitment to Stakeholder Satisfaction
- Programming: Python, JavaScript, C++, $\text{\LaTeX}$
- And more...

LANGUAGES

Italian (Native)
English (B2)

PERSONAL DETAILS

Citizenship: Italian
Residence: Pisa, Italy

PROFILE

Physics undergraduate student at the University of Pisa with a rigorous academic foundation and a steadfast commitment to analytical excellence. My academic journey is driven by a profound interest in understanding the fundamental laws of nature and their subsequent application in cutting-edge technologies.

I have developed a solid background in both theoretical and experimental physics, with a specific focus on quantum systems and computational modeling. My approach integrates mathematical rigor with proactive problem-solving, aimed at contributing to innovative research.

Beyond the core curriculum, I am actively engaged in research projects involving deep neural networks.

EXPERIENCE

- CEO & CTO – *SmartLight*

2025–Present

◊ Leading the SmartLight initiative, an AI-driven project focused on optimising urban traffic flow in Pisa. The adaptive management system leverages Reinforcement Learning and computer vision to control traffic signals in real-time, reducing congestion and energy consumption. Project **winner of the sustainable mobility idea contest** promoted by the University of Pisa’s Contamination Lab.
- AUTHOR OF UNIVERSITY STUDY NOTES

2024–Present

◊ Author and editor of comprehensive university study notes and academic resources for core Physics and Mathematics courses, typeset in $\text{\LaTeX}$ to facilitate conceptual mastery.

EDUCATION

- UNDERGRADUATE STUDENT IN PHYSICS

University of Pisa

2023–Present
- SCIENTIFIC HIGH SCHOOL DIPLOMA (APPLIED SCIENCES OPTION)

Liceo Scientifico Enrico Boggio Lera, Catania

2017–2022
