

GIOSUÈ AIELLO

SKILLS

- Data analysis with Python, MATLAB, YOLOv8
- Programming: Python, C, C++, JavaScript, HTML, CSS
- Scientific writing
- Project design and presentation

PERSONAL INFORMATION

Citizenship: **Italian**

Residence: **Pisa**

Languages: **Italian** (native),
English (B2)

ABOUT ME

I am Giosuè Aiello, a physics undergraduate at the University of Pisa. Born and raised in Catania, my goal is to make a positive contribution to our planet starting from physics: a discipline that provides the tools to understand the universe, develop new technologies, and collaborate with some of the brightest minds, in the unique setting of Tuscany.

In my free time, I work on personal projects ranging from nanomaterials to quantum materials, from deep neural networks to nuclear fusion energy processes, always seeking stimulating challenges and innovative solutions.

EDUCATION

BSC IN PHYSICS (UNDERGRADUATE STUDENT) at *University of Pisa*
2023–Present

HIGH SCHOOL DIPLOMA (SCIENTIFIC LYCEUM) at *Liceo Scientifico Enrico Boggio Lera, Catania*
2017–2022

◇ Final grade: 94/100

EXPERIENCE

CEO & CTO at *SmartLight*

September 2025–Present

AUTHOR OF STUDY NOTES FOR THE PHYSICS BSC DEGREE
January 2024–Present

◇ Writing and publishing study notes for Physics I and Mathematical Methods II

PROJECTS

SMARTLIGHT

September 2025

◇ Development of a system based on a network of cameras and artificial intelligence algorithms, including our Deep Q-Network model, to optimise waiting times and improve traffic light safety in Pisa.
